

This custom Control Building is multi-use. It includes the operator's area, as well as a small permit processing room, men's and women's locker rooms complete with restrooms and showers, and a break room with full kitchen and laundry. With pressurization and gas detection, this building doubles as a shelter in place.

BUILDING SPECS AND FEATURES

Building Size:

36' X 40' X 13.5'

5 PSI / 200 MS Medium Response

Why RedGuard?

RedGuard builds modular solutions that protect lives and assets. It is the leading supplier of blast-resistant buildings and modular safe spaces. RedGuard's other innovative divisions and product lines specialize in modular safe structures, most with threat mitigation. The company is dedicated to five key disciplines: concept, design, build, installation and operation. Its success across these areas of expertise has led some of the world's largest organizations to trust their employees' lives to RedGuard products.
